Mrs. Mildred Bethard was teacher, class sponsor, and a friend to the student body of Barry High School. For 21 years she dedicated her time and energy towards the education and advancement of the youth of her home community. It is with fondest memory that we the Class of 1974 co-dedicate our annual to this kind lady.

We, the class of 1974, having been the first graduating class from the new BHS, therefore co-dedicate our annual to the new building.

CLASS HISTORY

The year 1962 carried the class of '74 into a world of discovery and explorations which will never be forgotten.

When our first year of school began we were divided into groups in the rooms of Mrs. Hunter, Mrs. Reinhardt, and Mrs. Williams of El Dara. This was a year of a popular game known as "Girls Chase Boys." Despite a year of skinned knees and broken hearts, we survived and advanced into the grown-up world of second grade.

Our second year of education divided us into the rooms of Miss Gilbert, Mrs. Fee, and Mrs. Hoskin of El Dara. Little by little, we began to add to our knowledge and experience from our education of our previous years.

In the third grade, we had finally reached the upstairs of the grade school and the big playground in which Miss Waters and Miss Oitker welcomed us.

We had as our fourth grade teachers Mrs. Ward, Mrs. Gard, and Mrs. Motley of El Dara. We finally discovered how to "skip out" of class where we always ended up in the cloak hall. (Then back to class.)

Now was our big advancement to the end of the hall in which we had become fifth graders. Our teachers were Mrs. Jenkins and Mrs. Hallack. Our biggest event was getting to dress out and shower in gym class.

The fall of '67 introduced us into the sixth grade. Our teachers were Mrs. Jenkins and Mrs. Jennings. We were all looking forward to Junior High.

Junior High was finally here.

Seventh grade brought us new experiences, new teachers, and the "El Dara Bunch." We had many highlights including our class trip to Springfield, our contests, and especially our Junior High parties.

Our eighth grade year was another round of parties, trips, and the big event of Eighth Grade Graduation.

At Last . . .

High School days were here and began in the fall of '70. Our biggest event was "Freshmen Initiation." After eggs, castor oil, sitting in trash cans, and doing buttons, we knew we could survive anything that high school would have in store for us, especially with the help of sponsors like Mr. Heavner and Mrs. Bethard.

During our Sophomore year we had the usual, but yet, unusual experience of driver's education. It wasn't easy, and the scares were many, but we came out of it alive which probably even surprised our teacher, Coach Fray. It was also our turn to order class rings. With our sponsors, Miss Grable and Mrs. Herr to keep things under control, we finally got our orders in. It was quite some time before we received our rings but we all felt it was well worth it.

We come to one of the biggest times of our school years, being a Junior. All of those nites selling soda, candy, and popcorn could never be forgotten and neither could all the times Miss Myers and Mr. Long, our sponsors, spent helping us. Finally, all our efforts were put forth and were shown to all on the nite of May 11, 1973. Our Prom theme was "In the Shadows of My Mind." It was a nite that will always be remembered. Also during our Junior Year, we were finally given the chance to show our acting ability in our play entitled "Two Dates for Tonight," which was a very big success.

Our Senior year had finally arrived and started off with our Senior pictures. We also got the chance to be the "initiator" instead of the "initiated." This year our play was "Harvery," and we are certain there was never a play funnier than this one. We spend much of our year making plans for our future, but most of all, for graduation and Senior Trip.

PROPHECY

When I opened the door, I was confronted with the deafening sound of typewriters clicking, presses rolling, and voices yelling. The year is 1999; the place is Barry, Illinois, at the "Duroc Flyer" one of the best newspapers around. I had business to attend to here and I gradually made my way to the editor's office. Sitting behind the desk was my distinguished and slightly eccentric old friend, Bob Lister.

We exchanged the conventional greetings and began a conversation which led to the good old days at Barry High. I asked him if he knew the whereabouts of any of our old classmates and Bob laughed saying he did. He pressed the buzzer asking for his papers filed under "C" for class that he'd been saving over the years. His attractive secretary who had previously worked for Robert Redford turned out to be none other than Kim McDaniel. I began leafing through the papers, oblivious to everything around me — even Bob and my reason for coming. These were some of the things I read:

BEATS EMPLOYEE — Susan Strubinger, restaurant manager of "Susie's Soup Stop" was arrested yesterday for brutally beating an employee, Becky Crook. It seems Becky wouldn't do anything but crossword puzzles. A fellow employee, Wanda Lain, who is the bartender there, says she saw the whole thing and will testify in court.

SETS UP NEW UNIVERSITY — Betsy Bogan and Ray Hirst, professors in trigonometry have founded a mathematical university for higher education in El Dara for slow learners. It is located in the old grocery store.

RACING NEWS — Race car driver, Rick Lewis, told his fans Wednesday that he plans to quit the business. He gave no explanation, but many think its because of his twenty year losing streak. His mechanic, Terry Lewis, can't understand it; says there is no reason he should be losing.

WINS HONORS — Notre Dame University has just won a Nobel Prize for research in bedpan technology. Debbie Oitker, an undergraduate nurse there, aided David Hoskin, the celebrated scientist who began his research 20 years ago.

NEW SOURCE OF LUMBER — Bruce Patterson, the manufacturer of pitter patter pencils was relieved to find out that the shortage of wood has been corrected. Mark Reynolds has discovered a unique and intricate system of growing trees in the Grand Kenyon.

BOXING SCENE — Cashus Jay Brace's fans were emphatic when at the Cashus Jay versus Joe Frazier match, Cashus triumphed. Debbie Hively, an accomplished nurse at the Mayo Clinic says she doubts that Joe will ever make a comeback. Too bad for Frazier Fans.

RACQUEL STEPS DOWN — Kathy Blackorby has taken over Racquel Welches status after finished her new movie, "Kansas City Bouncer." The famous Karla Schien Strubinger designed Kathy's wardrobe, although she usually limits her talents to her ten little Strubingers.

LATEST DIVORCE — A man noted for his part in naming the Oscar Awards, Oscar Robertson has recently divorced his wife Emmy Award. She is now living with her mother and son Grammy Award and Tony Award.

NEW REST HOME — Greg Johnson, famed U. S. architect has completed his contract with Bunny Brook Farm, a mental institution. He designed and constructed an exact replica of the Ponderosa located at the far end of the farm, to accommodate Greg Ward, Tom Mudd, and Tim Bartlett who think they are Hoss, Little Joe, and Adam Cartwright respectively. The Farm is now taking applicants for the vacancy of Ben Cartwright and Hop Sing.

ADVERTISEMENT — Get yourself a good deal. Buy a 1999 Ford from Shady Ford Sales and Service. Come in and take a look. Ask for Honest Chuch Hazelrigg.

SELL OUT — After the recent raid on his night club "The Hanky Panky", Hank Campbell decided to sell out and quit the business. John Schnepf, he famed U. S. Country Western Singer who came out with the song "Gotta Chaw and Shoot my Coon" says that he is undecided about where he'll work now.

STREAKS AGAIN — Some 25 years after the last episode of streaking, Melvin Gilbert, who lives on the Sioux Indian Reservation in Iklahoma did his thing when he ran through Acme Electronics Corp. Bill Barnes, a worker there who was interviewed later said Melvin cheated by wearing a breech cloth.

I paused at this time and asked Bob if he happened to have a little liquid refreshment. He brought me a drink and I continued.

SUMMER TRAINING — Pam Robinson Williams has started a new cheerleading camp for girls where she stresses the importance of not running into referees at games for the behalf of her one and only pupil, Sherry Ralph.

WORLD RECORD BREAKERS QUIT THE BUSINESS — Larry Dixon and his wife of 25 years the former Kathy McLaughlin, who now hold the world's record for producing the largest number of babies in the shortest amout of time, have decided to quit the business, (truck driving that is) for the Dippy Dew Diaper Co.

SPORTS SCENE — David Stupid Kinupid Forshey is now a baseball player for the St. Louis Whipperwills. It seems that in the bottom of the 9th in the last game of the World Series he made a fantastic catch for the 2nd out. While David was taking a bow the winning run scored.

BOTONY BREAK THROUGH AT ROOK'S RESEARCH — Gary Nation, President of Rook's Research, Inc. has developed a new hybrid that is a cross between a redwood and a corn plant. However, there is one slight drawback. Gary is the only one who is capable of jumping high enough to pick the corn.

DIVINITY DEBUT — The book "101 Ways to Fix Divinity" which has only been out on the shelves 12 weeks is already No. 3 on the best seller's list. It is expected to receive some type of award for its outstanding illustrations by Brenda Raftery, and also its unique literary dedication to the author's former teacher and inspiration Miss Mary Myers.

UBA HOLD CONVENTION — Gary Ralph head of the United Bums of America held a convention Thursday to protest the new strict laws on freight hopping. Cindy Doran a social worker for the Salvation Army is noted for her reforms, crashed the meeting trying to convert him.

MOBILE CHILD CARE CENTER VISITS TOWN — Lisa Elsenpeter and Donna Ducey who run a Mobile Child Care Center were in town last week. Lisa entertains them by doing a puppet show and Donna runs the cafeteria with her slogan, If you can't watch them — she'll watch them, if you can't feed them, I'll feed them.

SIGN CONTRACT TO RECORD — Bruce Fee was recently signed a contract with the Akron Record Corp. It is expected that this record will exceed the number of sales from his last gold album entitled "Smoky Mountain Low."

OBITUARIES — Liz Croxville, age 43, 7 months and 15 days was killed in a flying saucer crash Thursday. Many remember her for contacting the first humanoid from outer space and helping develop the first flying saucer from the planet Earth. Her lifelong friend, the immortal Kim Main, age 43, 7 months and 20 days was also fatfatally injured in the crash. Plans are being made at this time to dedicate the first Main St. on Neptune in her remembrance. Kim was universally known for her unique space suit fashions.

As I finished tthe last news clipping, it dawned on me that I had completely forgotten my original purpose in coming. I had intended to invited Bob to go down to Charlie's Place with me to have a tall one.

"Be delighted Harvey. I thought you'd never ask."

WILLS

I, Bill Barnes, do will and bequeath my long hair to Mr. Rhoades, my bookkeeping workbook to anyone who wants it, all of my old papers and magazines to whoever is stupid enough to take them out of my locker, my superior intelligence to anyone who thinks they can use it properly, and anything else I don't need to whoever wants it for whatever reason.

I, Tim Bartlett, do will and bequeath my ability to get caught doing something and not get in trouble to Curt Bowen.

I, Kathy Blackorby, do will and bequeath my ability to get out of school to go look for "Easter Bunnies" to anyone who wants it.

I, J. E. Brace, do will and bequeath my position on the baseball team to Jimmy Cooley.

This outstanding athlete is Gary Nation. He was most valuable player, best free throw shooter, and co-captain of this year's team.

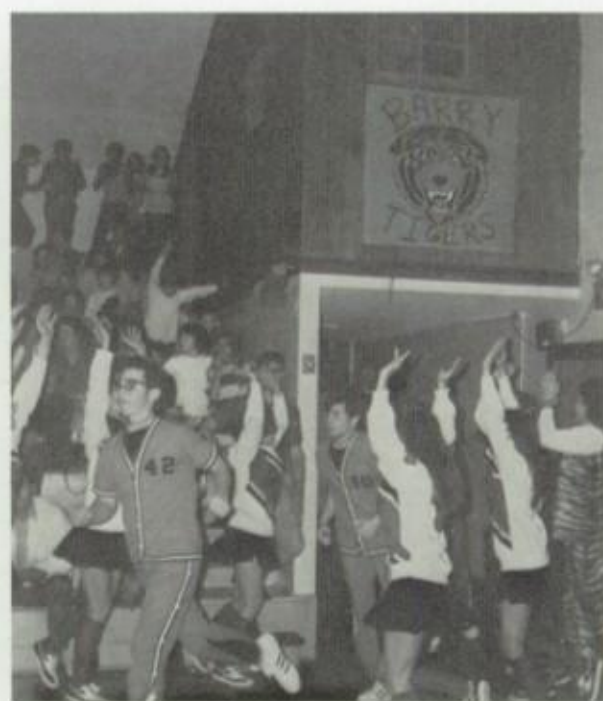

Our big man, Mark Reynolds, contributed to the team very much, he was co-captain and best field goal percentage shooter.

Kelly Bartlett a junior this year was one of our better guards. He received the award for most assists along with another guard.

This fast handling dribbler, Bob Grimsley, was our other guard. He also received the award along with Kelly for most assists.

Yes. Go to school and buy new wheels, too. You can make it happen in the Air Force. It's great training. The kind that will provide a great future . . . and \$326 and more a month for wheels and go-places, do-things action while you're learning such high paying skills as computer technician, aircraft mechanic, accountant, electronic technician or one of dozens of other technical or business specialties. You'll receive some extra benefits, too — like paid vacations, promotions, free medical and dental care. Get all the details from your Air Force recruiter today.
